Custom Embroidery

*Send Us Your
Design/Logo*

We can take your concept with your organization logo and custom embroider your apparel. We can assist you with designing your own logo, if you don't have one.

We can modify your existing logo to meet the organization image you want. Professionalize your apparel items, such as:

- ◆ T-shirts
- ◆ Hats
- ◆ Pants
- ◆ Sweatshirts
- ◆ Gym bags
- ◆ Athletic wear
- ◆ Uniforms

with your own logo and specialized slogan.

Custom apparel is an excellent way for your organization to exhibit a professional image.

We utilize a modern six-headed computerized embroidery machine, which enables us to produce up to six logos at one time. This allows us to provide our products in a timely and efficient manner to our customers.

Custom Embroidery & Heat Transfer

Custom Heat Transfer

By utilizing custom embroidery and/or

heat transfer on your organization apparel, you have opened an avenue of marketing for your organization.

We offer heat transfer as an alternative to embroidery, which is another exciting way of incorporating your organization logo design onto any apparel.

Our graphic artists can assist you with any digital design you may have, or can assist you with taking your concept or idea and creating the logo/slogan you desire.

Call our order-placement phone number where you can speak with our customer sales and service representative.

MCE Sewing Program

Our newest venture is the MCE Sewing program. We can provide your organization with apparel to suit your needs:

Institutional Clothing

- ♦ Scrubs
- ♦ Jump Suits
